

The Woman's Club of Danbury/New Fairfield

Poinsettia Sale 2026

Add beauty and color to your holiday season while you support our philanthropic endeavors

Since the founding of our club in 1982, our fund-raising efforts have resulted in a contribution of over \$710,190 to many organizations in the Greater Danbury area. A few of the local organizations and projects that have received our financial support include:

- ❖ Danbury Museum and Historical Society
- ❖ Danbury, New Fairfield, and Long Ridge libraries
- ❖ Regional Hospice of Western Connecticut
- ❖ Ann's Place
- ❖ Interfaith Early Learning Center
- ❖ Literacy Volunteers of America & Literacy on the Green
- ❖ Stanley L. Richter Association for the Arts
- ❖ Jericho Partnership
- ❖ Candlewood Lake Authority
- ❖ The Center for Empowerment and Education
- ❖ Dorothy Day and Daily Bread

Statewide we have supported ABRI/Homes for the Brave, the Veteran's OASIS Project, and the Rocky Hill Veteran's Hospital. On the national level, we have made donations for hurricane and disaster relief over the last few years, and on an international level, we have supported the Heifer Project, Shot@Life, and World Central Kitchen.

Also, annually we award scholarships to college bound students. These scholarship awards now total more than \$282,545.

Our poinsettias provide a beautiful mass of color to brighten your home and office for the holidays, and they make ideal gifts for family, friends, clients, and employees.

Red, pink, or white (cream) plants are available, some with four size options. The prices range from \$15 to \$35, depending on size. We will be happy to deliver your plants on December 1, 2026.

Community support for our fund-raising efforts has made all the above possible. We thank you for your participation and support of this worthy cause.
